## Suffolk

### Suffolk Reference Sires

#### 1. Bergs "Dakota" 1709

**Sire:** Knutson Suffolks 16-45  
**Dam:** Berg 1427

*Dakota is sired by our pick of the Knutson ram lambs in 2016. He placed 2nd in class at the NJSS in 2016. He sired the Jr. Champ and Reserve Champ Bred and Owned Ram at the 2017 NJSS. Dakota's two half sisters were 2nd place ewe lambs at the NJSS. Dakota combines volume, a level top and thickness with bone and structural correctness. Berg ewes will be bred to this proven ram.*

#### 2. Bergs "Ox" GWC 12-38-15 635674

**Sire:** KC Suffolks 12-1  
**Dam:** GWC 819-09

*KC Suffolks 12-1 goes back to "Northern Connection" and a KJ Lansing ewe. GWC 819-09 goes back to a "Silver Dollar" ewe 2745. GWC was Champion Ram at the MN State Fair in 2016. We have leased this ram in 2016 and 2017 and have some great March lambs. Berg ewes will be bred to him.*

#### 3. Bergs "Pretty Boy" GWC 1263-16 640783

**Sire:** Kjeldgaard 12-536  
**Dam:** GWC 1156-14

*"Pretty Boy" sired Berg 1739, Champ Ram at the MN State Fair FFA Show, and 2nd place NJSS. He sired Berg 1740, the Reserve Ewe at MN State Fair FFA Show and Class Winner at NJSS. He sired 1733, the Reserve Champion Ewe at the MN State Show. Daughters sell open. Yearling ewes sell bred to "Pretty Boy".*

#### 4. Bendas Oak Hill 14-1364

**Sire:** Kjeldgaard 15-589  
Becher 2571

**Dam:** Luxford 12-1411A  
Oak Hill 14-1464  
Oak Hill 11-1414C

*This is our latest addition from the famed Oak Hill program. Everyone has seen the Oak Hill yearling ewes come through the ring in Sedalia the last few years and they have been very highly received. This ram comes from arguably Pat's best ewe family. He has the size, pattern and structure we are looking for, and is out of a great 1411 daughter. We are super excited about mating him to the 1353 and Rocky daughters.*

#### 5. Benda 16167 "JEP"

**Sire:** Luxford 12-1407  
Prairie Rose Suffolks 4712-6  
Prairie Rose Suffolks 712

**Dam:** Benda 13152 "Hammerdown"  
Meyer Farms 5202

*This is the other "Rocky" son that we kept back for stud. We got a really good, consistent set of lambs out of him. Just like "Rocky" they are big, heavy boned, thick topped, good patterned and great feet and legs. The 210 ewe is proving to be tremendous as well. She has a gem of a lamb out of 1353.*

#### 6. Benda 1612 "Swaggy P"

**Sire:** Luxford 12-1407  
Prairie Rose Suffolks 4712-6  
Prairie Rose Suffolks 712

**Dam:** Hoskins 11-32  
Dombek Family 2599  
Dombek Family 2359

One of the two stud rams that we retained out of Prairie Rose 4712-6 "Rocky". Like I said in my remarks last year, the only thing bad about "Rocky" is that he is dead. He left us with a group of daughters that are big, thick topped, good patterned and structurally sound. 1612 sired a nice group of lambs for us this spring. He sired them just like his daddy.
